**FOR IMMEDIATE RELEASE**

## **Visionary Multimedia Book with Evolutionary Message**

*Humanity has to free itself from old paradigms and rigid patterns. This book points in that direction*

Berlin, Germany December 6<sup>th</sup> 2017, Available at major retail outlets on the world wide web, Omananda Production has published the non-fictional book, multimedia eBook, audiobook, and related website, ***Transcendental Journeys - A Visionary Quest for Freedom*** (in English).

To preserve the natural balance of life on Planet Earth, each individual has to become a responsible, fully conscious, co-creator of reality. This artful, multimedia book with photography and embedded video links, urges people to free themselves. It inspires direct action towards the profound shift in perspective that is required today. Readers encounter three decades of wildly entertaining reading material in this insightful work of literature, poetry, and art. This autobiographical true story goes through the life of world traveler and filmmaker Torsten E. Klimmer aka Omananda. It begins with the chilling and detailed description of how the author escaped the oppressive communist regime of East Germany before the Berlin Wall fell.

After escaping, and on his subsequent travels around the world, Omananda is driven by a burning desire for freedom. Discoveries in exotic places and shamanic dimensions are slowly revealed during this cosmic adventure that offers an exciting view into the visual, spiritual, and practical possibilities available to anyone with an open mind.

### **Author Bio:**

Torsten E. Klimmer grew up in East Germany where he worked against the oppressive communist regime with the aim to free his people. He escaped from the GDR before the Berlin Wall fell and has traveled the world ever since. He has lived in Mexico for many years where he created films that helped save an indigenous ethnic group and protect a wildlife zone. In 2002 he published *Liquid Crystal Vision*. Torsten performed as a visual artist by the name of Omananda, skillfully guiding people during non-ordinary states of consciousness. He helped to launch [www.unify.org](http://www.unify.org) in 2012.
